Performance

As part of Team GB you will be competing against the best skater hockey players in Europe. We expect a high level of performance. If you cannot reach this level, however hard you try, you will be returned to your Regions.

Behaviour

As a member of Team GB you will be under scrutiny wherever you are playing. It is essential that you show respect to officials, coaches, managers and players at all times. If you show disrespect to any of your coaches, managers or other players at Team GB, you will immediately lose your place.

Any incident of unsuitable conduct or disrespectful behaviour is reported to us from your League games or tournaments may result in you losing your place in Team GB.

Commitment

We expect you to commit to promote Team GB by keeping to the high standards expected of you.

Commitment is also expected in your attendance at Team GB Training sessions. We cannot build a strong team if people are not consistent with their attendance. As you know, if you are absent for 2 training sessions, you will automatically lose your place. Obviously, there will be times when you cannot attend, but you must let us know in advance.
